

ONLINE MASTER'S DEGREE IN POSTSECONDARY TECHNICAL EDUCATION

Enhance your degree and broaden your options by becoming a leader in the area of Postsecondary Technical Education.

The Department of Educational Foundations and Leadership is pleased to offer a Master of Science in Postsecondary Technical Education, a fully online program.

Postsecondary Technical Education Programs offers both degrees and certificates. The degrees and certificates provide individuals with the skills needed to successfully train/teach adults in educational and business settings. This 30-36 credit hour degree is offered fully online and is designed to prepare the individual for postsecondary educational institutions, industry, and public and private agencies engaged in the education and training of technicians and paraprofessionals.

» **Jobs for Graduates**

Job opportunities vary with the diverse background learners bring to this program. Staying in your job may earn you a promotion because of your new degree. Other opportunities available to graduates include being a trainer or instructional designer in fields such as business and industry, community and government agencies, or faculty in two-year colleges and adult-career technical education.

» **Benefits:**

- Increased collegiality and cohesiveness through cohort support
- New student orientation to meet with faculty and advisers
- Program assistant to guide you through your program
- Registration for classes provided by Program assistant

» **Tuition scholarships:**

You may qualify for an innovative financial incentive that awards one free credit of each five purchased. If you qualify, you'll save considerably on the cost of full tuition while earning your degree.

» **Contact:**

To request more detailed information about program eligibility, admission requirements, program of study, site address, tuition fees and scheduling of courses, contact the Office of Outreach and Professional Development at outreachga1@uakron.edu. Please put "Postsecondary Technical Education" in the subject line. A comprehensive information sheet will be e-mailed to you.
